

17 April 2020

Price List Change Notification Effective 18 May 2020

Dear Valued Customer,

As you are aware, the global pandemic due to COVID-19 has increased the cost of doing business.

Due to these escalating costs, ABB (Electrification) will be implementing a price adjustment on May 18, 2020. You will see an increase of 10% across our different product ranges.

If you wish to receive a copy of your new price file, please contact your local ABB sales representative to allow you time to upload the data to your systems and to address any queries you may have in relation to new file. For customers that are using the ABB Business Online service (cBOL) your prices will automatically update on 18th May 2020 and be available in your account. For customers wishing to set up an ABB Business Online account please contact your local sales representative or send an email to au-ep-sales@abb.com requesting access.

Should you have any questions regarding this price adjustment please contact your local ABB sales representative or call our Electrification Customer Service Team on 1800 60 20 20.

We thank you for your continued support to ABB and we continue to be committed to providing the same high level of products and services in 2020 and beyond.

Yours Sincerely

Mario Macri
National Sales Manager
Electrification business
ABB Australia
