

2020 General Trade Price Notification

1st April 2020

Effective 4th May 2020, Legrand Australia will be implementing a price adjustment to the existing product portfolio. Most notably year to date, 2020, Legrand has experienced an appreciable upsurge to input costs that is systematic to the recent and unpredictable nature of the currency fluctuation.

As a key partner of Legrand Australia, we are providing you the pertinent notification period of a 10% increase across the vast majority of line items. Note; that all existing quotations exceeding the 4th May 2020 will become 'null & void' and will require revalidation.

We assure you that we will continue to work diligently during these uncertain times to ensure these increases are kept in-check & are in line with the marketplace so that our partnership can endure throughout the year.

As I continue to mention, Legrand is very proud of its manufacturing heritage in Australia, and in these unprecedented times the strength of our local manufacturing & supply chain will continue to meet the challenge to service all of our customers across the nation.

As always, we thank you for your business and your continued support.

Sincerely,

A handwritten signature in black ink, appearing to read "P Ashurst", written over a horizontal line.

Peter Ashurst

General Manager – Trade Sales
