

27 March 2020

Dear Valued Customer

Price Change Notification – Effective 20th April 2020

We are currently witnessing a significant disruption in manufacturing, supply chain and increase in freight cost. Added to this, the unprecedented impact on the Australian dollar has increased the cost of all imported products.

Unfortunately, we are not immune to these changing business conditions. While we have made every effort to reduce and absorb these additional costs, it is now necessary to implement a price increase as of 20th April 2020.

PSA Products will continue to deliver exceptional service and support to our valued customers and ensure that we supply products of highest quality at competitive prices. Our entire team is committed to supporting our customers throughout these turbulent times.

A new price file will be made available shortly to allow time for loading into your computer system.

If you have any questions or queries, please do not hesitate to contact us on 1300 772 776.

Best Regards,

Marcus Ooi
General Manager
