PRICE CHANGE NOTIFICATION

Dear Valued Customer,

In accordance with the conditions of our trading terms, I am writing to advise we will be implementing a price change across all product groups effective from the 1st of May 2021.

The last 12 months has been a tumultuous time with extraordinary pressure on supply chains and cost.

While we are well positioned from an inventory perspective, the fundamental cost and freight impact cannot be ignored.

Many products are disproportionately impacted by escalating raw material costs, whilst all products are being impacted by unprecedented shipping and logistic cost increases. Rest assure we will ensure we maintain your competitive position with our products

We will forward an updated price file in the coming weeks which will indicate the specific changes for each product.

Adjustments to any special pricing in place will also be covered off in this notification. All State based special pricing will also be adjusted in line with the price change, with contract and project pricing moving on quotation expiration.

Thank you for your continued support.

Yours sincerely

Stephen Hanlon
Managing Director
